Towels & Linens

Black Diamond Camps provides linens only in our Glacier Peak building. Participants should bring their own linens if they are not provided for their specific accommodations.

Campfires

Campfires are a great way to enjoy a retreat and are available through special arrangement. Black Diamond Camps has several staffed, designated campfire areas that allow retreats to enjoy all the fun of a campfire, while remaining safe and being good stewards of the surrounding area. Black Diamond Camps staff members have been trained with special knowledge in how, when, and where to build a fire in order to keep it under control and avoid the possibility of wildfire. Special protocols have been established in case of emergency, so there is no need for concern as long as guidance is followed.

Medical Services

Black Diamond Camps does not provide medical services or attempt to give medical treatment or advice. Black Diamond Camps is not responsible for personal injury to guests due to carelessness. A Black Diamond Camps staff may give medical advice per his or her personal training and is given on his or her personal behalf. In case of extreme emergency, please contact the Retreat Coordinators/ Director.
